

SR **00**

Pressure Regulator

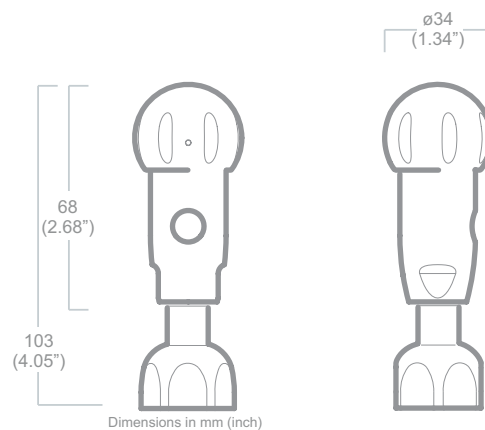

Technical Features

Material	Aluminum HR
Treatment	Anodized (knob 4 color of your choice)
Input Pressure	From 1 to 12 MPa
Output Pressure	Adjustable (see configuration)
Gauges	No
Safety (*)	APV Overpressure
Connect. Cartridge	M11x1/DIN (see configuration)
Output	1/8" F
Flow Rate	10 NL/min
Weight	90/170* g (3,2/6,0* oz) (*)with DIN adapter

(*) The pressure reducers are not to be understood as a safety accessory according to PED Directive (2014/68/CE)

Configuration (order code)

Model	Output	Connection	Gauges	Material	Color
9051 1	6	-C	0	1	B
0-Preset	1-1,5 Bar	A-M10x1	0-No	1-AL7075	B-Black
1-Adjustable	2-2,5 Bar	B-M10x1,25			G-Grey
	4-4,0 Bar	C-M11x1			R-Red
	6-6,0 Bar	D-5/8-18UNF			T-Turquoise
		E-21,8x1/14"			
		F-.825" 14			

The pressure reducers SR series are:

- Complies to EU Regulations (EC) No. 1935/2004 and (EU) No. 10/2011 regarding the certification of the materials in contact with food (Food Contact Compliance).
