

SR **03** ADV Pressure Regulator

Technical Features

Material	Aluminum HR
Treatment	Anodized (knob 4 color of your choice)
Input Pressure	From 1 to 16 MPa
Output Pressure	Adjustable (see configuration)
Gauges	Low and High Pressure
Safety (*)	APV Overpressure
Connect. Cartridge	M10x1/DIN (see configuration)
Output	1/8" F
Flow Rate	12 NL/min
Weight	160/320 g (5,6/11,3 oz) actual weight varies by configuration

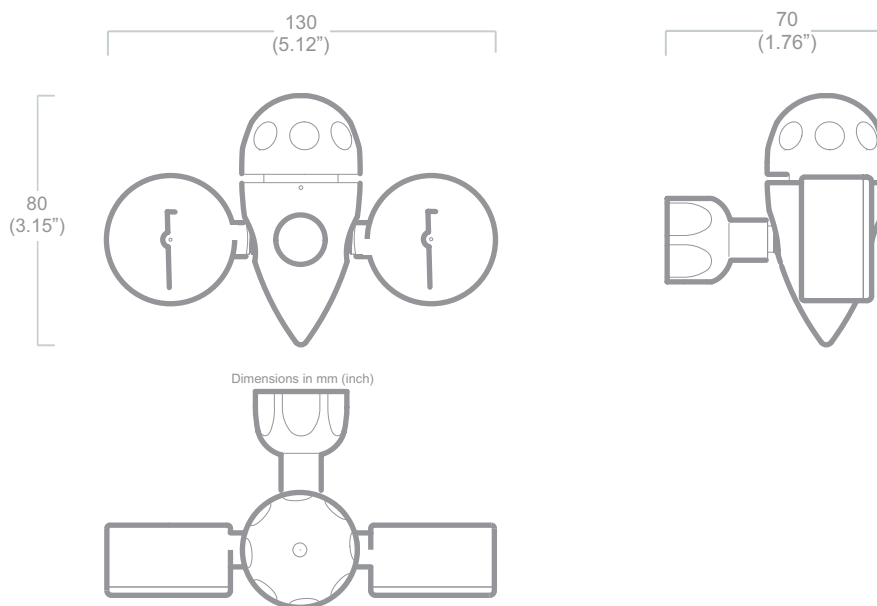

(*) The pressure reducers are not to be understood as a safety accessory according to PED Directive (2014/68/CE)

Configuration (order code)

Model	Output	Connection	Gauges	Material	Color
9056 0	4	-E	3	1	G
0-Adjustable	1-1,5 Bar	A-M10x1	0-No	1-AL7075	B-Black
1-Preset	2-2,5 Bar	B-M10x1,25	1-LP	2-AISI 316	G-Grey
	4-4,0 Bar	C-M11x1	2-HP	3-OT58	R-Red
	6-6,0 Bar	E-21,8x1/14"	3-LP/HP		T-Turquoise
		F-.825" 14			

4 Color of your choice

The pressure reducers SR series are:

- Complies to EU Regulations (EC) No. 1935/2004 and (EU) No. 10/2011 regarding the certification of the materials in contact with food (Food Contact Compliance).
